

ChiGlobal Consulting LLC is a management consulting and financial services firm dedicated to helping organizations transform data into strategy. We support the full data lifecycle—from data collection and analysis to training/workforce development and financial stewardship—to drive growth, efficiency, and impact.

*Data with Purpose.
Strategy with Peace of Mind.*

CORE COMPETENCIES

- Research, Statistical Analysis, Forecasting
- Data Infrastructure & Management
- Custom Tech-Based Solutions
- Data Analytics and Soft Skills Training
- Accounting/Bookkeeping, Tax & Advisory
- Budgeting/Financial Planning and Analysis

DIFFERENTIATORS

- **Data One-Stop Shop:** Your data should talk to each other, not live in silos. ChiGlobal combines financial services, performance measurement, evaluation, analytics, and advisory into one seamless experience.
- **Holistic Solutions:** Your data is complex, so your strategy should be sophisticated. We employ a comprehensive mix of quant & qualitative methods, stakeholder insights, and systems thinking—for quick fixes or a 360° strategy.
- **People-Centered:** Your data should reflect the people behind it. ChiGlobal honors the human story behind every number—because people are the true bottom line and the real drivers of performance, innovation, impact.
- **Cross-Sector Expertise:** Adaptability across government, nonprofit, & business sectors.
